Introduction

This Specification contains necessary information for both candidates and Approved Programme Providers (APPs) about the WSET Level 3 Award in Wines.

The main part of the document is a detailed statement of the learning outcomes of the WSET Level 3 Award in Wines. These outcomes should be used by APPs to prepare programmes of learning, and by candidates to plan their studies, because the examination is specifically set to test these outcomes.

The Specification also provides a list of recommended tasting samples, guidance concerning the examination (including syllabus weighting and sample examination questions) and the examination regulations.

Introduction to the WSET Level 3 Award in Wines

Qualification Aims

The WSET Level 3 Award in Wines is designed to give a thorough understanding of the factors that account for the style, quality and price of the principal still, sparkling and fortified wines of the world. The qualification will assist those who are required to make professional evaluations of wines with regards to their style, quality and price. The qualification provides the in-depth product knowledge required to underpin job skills and competencies, for example in product selection in the retail and hospitality sectors.

Successful candidates will be able to describe the characteristics of the principal wines of the world and give information on the key factors influencing style, quality and price. They will consequently be in a position to advise management, to answer customer queries authoritatively, and to make informed selections of wines in a variety of situations.

Qualification Structure

In order to meet the qualification aims there are six learning outcomes spread over two Units. In order to gain the WSET Level 3 Award in Wines candidates must pass both Units.

Unit 1: The Theory of Wines of the World

Learning Outcome 1 Identify the principal natural and human factors in the vineyard and winery that are involved in the production of still wines of the world and explain how they can influence the style, quality and price of these wines.

Learning Outcome 2 Identify and describe the characteristics of the still wines produced in the principal wine producing regions of the world and explain how the key natural and human factors in the vineyard, winery, law and commerce can influence the style, quality and price of these wines.

Learning Outcome 3 Identify and describe the characteristics of the principal sparkling wines of the world and explain how the key natural and human factors in the vineyard, winery, law and commerce can influence the style, quality and price of these wines.

Learning Outcome 4 Identify and describe the characteristics of the principal fortified wines of the world and explain how the key natural and human factors in the vineyard, winery and law can influence the style, quality and price of these wines.

Learning Outcome 5 Demonstrate the ability to provide information and advice to customers and staff about wines.

Unit 2: The Analytical Tasting of Wine

Learning Outcome 1 Accurately describe the key characteristics of the principal still wines of the world and use the description to make an assessment of quality and an assessment of readiness for drinking.

Enrolment

The WSET Level 2 Award in Wines or an equivalent level of experience is recommended for entry to the WSET Level 3 Award in Wines. Potential candidates should discuss their current level of knowledge with their APP before enrolling on the course, to ensure that this is a suitable qualification for them to undertake.

Candidates who are under the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or those who choose not to taste alcohol for health or religious reasons, will not be allowed to sample any alcoholic beverage as part of their course. These candidates will not be eligible to complete the assessment for Unit 2 of the WSET Level 3 Award in Wines. In such instances, candidates will receive a record of achievement on successful completion of Unit 1, but will not be awarded the WSET Level 3 Award in Wines qualification.

Total Qualification Time (TQT) and Guided Learning Hours (GLH)

TQT is an estimate of the total amount of time, measured in hours that a learner would reasonably need to be able to show the level of achievement necessary for the award of a qualification, it is made up of GLH and private study time. GLH include all tutor supervised learning and supervised assessments.

The TQT for the Level 3 Award in Wines is 84 hours, made up of 32.5 GLH (including the 2.5 hour examination) and 51.5 hours private study.

Recommended Progression Routes

The WSET Level 3 Award in Wines, or an equivalent level of experience, is required for entry to the WSET Level 4 Diploma in Wines.

Learning Outcomes for the WSET Level 3 Award in Wines

UNIT 1: The Theory of Wines of the World

Learning Outcome 1

Identify the principal natural and human factors in the vineyard and winery that are involved in the production of still wines of the world, and explain how they can influence the style, quality and price of these wines.

Assessment Criteria

1. Identify the key natural factors in the vineyard and explain in detail how they influence the style, quality and price of wine.
2. Identify the key human factors in the vineyard and explain in detail how they influence the style, quality and price of wine.
3. Identify the key human factors in the winery and explain in detail how they influence the style, quality and price of wine.

Ranges

Range 1: Natural factors in the vineyard that influence style, quality and price	
The vine	Species (<i>V. vinifera</i>), varieties, clones, crossings, hybrids, green parts, one-year-old wood, permanent wood
Vine needs	Warmth, sunlight, water, nutrients, carbon dioxide
Vine growth cycle	Dormancy, budburst, flowering, fruitset, véraison, ripening
Components of the grape	Water, sugar, acids, colour, tannin, flavours
Climate	Cool, moderate, warm, hot Mediterranean, maritime, continental
Factors influencing regional climate	Latitude, altitude, oceans, large lakes, continentality, diurnal range
Factors influencing site climate	Aspect, soil (heat, drainage), fog, bodies of water
Weather	Vintage variation
Soil	Water supply, nutrients
Range 2: Human factors in the vineyard that influence style, quality and price	
Managing the vine	Training (head, cordon), pruning (spur, replacement cane), trellised, untrellised (canopy management), density, harvest (timing, manual, machine)
Managing hazards	Frost (site selection, heaters, wind machines, sprinklers), freeze (earthing up), rain (harvest dates), hail (nets, multiple sites), water stress (irrigation, drip, sprinkler, flood), sunburn (canopy management), nutrient deficiency (fertiliser)
Managing pests and diseases	Phylloxera (use of rootstocks), other animals (insecticides, physical barriers), fungal diseases (canopy management, fungicide), viruses and bacteria (replacing the vine, sanitising the land)
Concentrating grape sugars	Noble rot, drying grapes on the vine, drying grapes after picking, freezing grapes on the vine
Approaches to vineyard management	Conventional, sustainable, organic, biodynamic

Range 3: Human factors in the winery that influence style, quality and price

Common elements	Roles of oxygen, roles of SO ₂ , winery vessels (oak, stainless steel, concrete), alcoholic fermentation, malolactic conversion (MLC)
Must adjustments	Must enrichment, acidification, deacidification
White winemaking	Grape variety, grape reception, destemming, crushing, skin contact, pressing, clarification, alcoholic fermentation, racking off gross lees, malolactic conversion
Red winemaking	Grape variety, grape reception, destemming, crushing, pre-fermentation extraction, alcoholic fermentation and extraction, post-fermentation extraction, pressing, malolactic conversion Whole bunch fermentation (carbonic maceration, semi-carbonic maceration, whole bunches with crushed fruit)
Rosé winemaking	Direct pressing, short maceration, blending
Sweet winemaking	Interrupting the fermentation, adding a sweetening component, concentrating grape sugars
Maturation	Oak vessels (species, production, age, size), inert vessels (stainless steel, concrete, bottle), lees contact, oak alternatives
Blending	Reasons (balance, consistency, style)
Clarification	Sedimentation, fining, filtration (depth, surface)
Stabilisation	Tartrate, microbiological
Packaging	Glass, plastic, bag-in-box
Closures	Cork, technical cork, synthetic cork, screw cap

Learning Outcome 2

Identify and describe the characteristics of the still wines produced in the principal wine producing regions of the world and explain how the key natural and human factors in the vineyard, winery, law and commerce can influence the style, quality and price of these wines.

Assessment Criteria

1. Identify and locate the principal wine producing regions of the world and describe the style and quality of the still wines made there.
2. Identify key factors in the vineyard, winery, law and commerce involved in still wine production and briefly explain how they influence the style, quality and price of the principal still wines of the world.
3. Focusing on the principal grape varieties from named regions (listed in Range 2), apply knowledge from Learning Outcome 1 to explain how the factors in the vineyard and winery account for the style and quality of the wine.

Examination Guidance

Examination Administration

Examinations are conducted by WSET Approved Programme Providers (APPs). APPs must comply with WSET policies and procedures set out in the APP Handbook.

Assessment Method

The WSET Level 3 Award in Wines will be assessed by a closed-book theory examination and a tasting examination. In order to gain an overall pass a candidate must achieve a pass mark of 55 per cent in both the theory and the tasting examination.

Candidates must sit both units at the same sitting in the same language. Only resit candidates who have achieved a pass in one unit are permitted to sit single units.

Unit 1: Theory Examination

The closed-book theory examination is set by WSET and assesses Unit 1 of the Specification. It is made up of two parts.

- Part 1 comprises 50 multiple-choice questions. This part will assess knowledge and understanding across the unit.
- Part 2 is a question paper requiring short written answers. This part will consist of four questions of 25 marks each, and will assess the application of knowledge across the unit.

The theory examination paper must be completed in two hours.

All examination questions are based on the published learning outcomes; the recommended study materials contain the information required to answer these questions correctly. In order to secure a pass for the theory examination a candidate will be required to attain a minimum mark of 55 per cent in both part 1 and part 2.

Unit 2: Tasting Examination

The tasting examination assesses Unit 2 of the Specification. It will be internally set and marked by a WSET Approved Level 3 Internal Assessor using an assessment brief provided by WSET. The results will be verified by WSET.

The examination will consist of two blind wines and will assess a candidate's ability to accurately describe a wine and draw conclusions based on these observations. The tasting examination must be completed in 30 minutes.

In order to secure a pass for the tasting examination a candidate will be required to attain a minimum mark of 55 per cent.

About the WSET Level 3 Award in Wines Examination

Unit 1: Theory Examination

Part 1: Multiple-choice – This part of the examination paper consists of 50 multiple-choice questions. Each question has only one correct answer, which should be indicated on a computer-readable answer sheet. The examination invigilator will give the full instructions on how to complete the Examination Answer Sheet on the day of the examination. Each correctly answered multiple-choice question is worth one mark, and marks are NOT subtracted for incorrect answers.

Part 2: Short written answers – This part of the examination paper consists of four questions of 25 marks each. Answers should be written on the examination paper in the spaces provided and the marks for each question or part-question are indicated on the examination paper. Marks are NOT subtracted for incorrect answers. Each paper will be compiled as set out in the chart opposite.

Question number	Learning Outcome
1	1 & 2
2	1 & 2
3	1, 2 & 5* (*range 1 only)
4	1, 3, 4 & 5* (*range 1 only)

Allocation of marks – All WSET Level 3 Award in Wines examination papers are carefully compiled to reflect their weighting in the syllabus. A chart giving a detailed breakdown of the examination weighting for the multiple-choice section is shown below.

Learning Outcome	Multiple-Choice Questions (1 mark per question)
1	8
2	28
3	5
4	5
5	4
50 marks	

A chart giving a detailed breakdown of the examination weighting for the short answer section is shown below. Note Learning Outcome 1 is assessed as part of all four questions on the paper.

Learning Outcome	Short Written Answer Marks
2	70
3 & 4	20
5	10
100 marks	

Unit 2: Tasting Examination

This part of the examination consists of a blind tasting of two still wines, which may be taken from any of the recommended tasting samples.

Answers should be written on the examination paper in the spaces provided and the marks for each question or part-question are indicated on the examination paper. There are 20 marks available for the description and assessment of the white wine and 21 for the description and assessment of the red wine. Marks are NOT subtracted for incorrect answers.

Issuing of Results

Results of examinations are issued by WSET as follows:

- WSET will issue an all-candidate grade list to the APP so that they can communicate results to their candidates.
- WSET will issue candidates' letters and certificates to APPs, who are responsible for forwarding these documents to their candidates.

Sample Short Written Answer Examination Question

The paper will consist of four questions worth 25 marks each. In order to give candidates an idea of the sort of questions that might be asked, we have included an example question below. The examination consists of four questions similar to this.

Question 1 (25 marks)

PART 1

- a. Chardonnay can grow in both cool and warm climates. Give an example of one cool climate region and one warm climate region in Australia where Chardonnay is grown and describe what impact the climate has on the fruit characteristics of the grapes.

Cool climate: 3 marks

Warm climate: 3 marks

- b. Vertical shoot positioning (VSP) is a trellising system often used when growing Chardonnay in a cool climate. 4 marks

Explain why a grape grower would choose to use this system.

PART 2

Some Chardonnays have a rounded texture and pronounced aromas that include butter, toast and vanilla.

- a. Identify and describe two techniques that could be used during winemaking and maturation to achieve these characteristics. Explain what characteristic(s) each technique contributes to this style of wine.

Technique 1: 5 marks

Technique 2: 5 marks

- b. A customer asks you to recommend a premium French Chardonnay that has these characteristics. What wine would you recommend and what temperature would you serve it at? 2 marks

- c. The wine has been opened but not all of it was consumed. You want to preserve the remainder for a greater period of time than a few days. Name one appropriate method for preserving the wine and briefly describe how it works. 3 marks

Examination Regulations

1 Entry Requirements

1.1 Eligibility

1.1.1 Candidates applying to sit the examination must be over the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or be preparing for the examination as part of a recognised full-time programme of study, or have obtained consent from their parents or legal guardians.

1.1.2 There are no restrictions on entry to the WSET Level 3 Award in Wines through overlaps with other qualifications or parts of qualifications.

1.1.3 Candidates who are under the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or those who choose not to taste alcohol for health or religious reasons, will not be allowed to sample any alcoholic beverage as part of their course. These candidates will not be eligible to complete the assessment for Unit 2 of the WSET Level 3 Award in Wines. In such instances, candidates will receive a record of achievement on successful completion of Unit 1, but will not be awarded the WSET Level 3 Award in Wines qualification.

1.2 Recommended prior learning

1.2.1 Completion of the WSET Level 2 Award in Wines or an equivalent level of experience is recommended for entry to the WSET Level 3 Award in Wines. Candidates who believe they have a sufficiently good understanding of the subjects covered by the Level 2 Award in Wines are advised to consult their prospective tutor before enrolment on a course of study for guidance on the accreditation of prior learning.

1.2.2 Candidates sitting in English where it is not their first language are strongly recommended to have IELTS at 6.5 or above or be able to demonstrate an equivalent ability level.

1.2.3 Candidates sitting in other languages should have an equivalent level of literacy in the language used for the examination.

2 Format and Results

2.1 Candidates will be required to pass a closed-book examination, comprising two units.

Unit 1: A theory examination of two parts to be completed in two hours. The paper comprises:

- 50 multiple-choice questions
- 4 x 25 mark short written answer questions

A mark of 55 per cent in each part is required to achieve a pass in this unit of the qualification.

Unit 2: A tasting examination in the form of a blind tasting of two wines to be completed in 30 minutes. A mark of 55 per cent is required to achieve a pass in this unit of the qualification.

In order to be awarded the WSET Level 3 Award in Wines, candidates must achieve a pass in both units of the examination.

2.2 Candidates who successfully complete both units will be issued with a WSET Level 3 Award in Wines and will receive an overall grade based on their aggregate mark over all examination papers.

A record of achievement will be issued to those candidates who have passed individual units, indicating the grades achieved. Once all units are completed, a final result will be issued.

2.3 Results are graded as follows:

Aggregate mark of 80% and above with no individual examination paper below 65%	Pass with distinction
Aggregate mark of between 65% and 79%	Pass with merit
Aggregate mark of between 55% and 64%	Pass
Aggregate mark of between 45% and 54%	Fail
Aggregate mark of 44% and below	Fail unclassified

2.4 WSET reserves the right to make changes to the grading algorithms and grade thresholds published above.

3 Reasonable Adjustments

3.1 Examination candidates who have special examination requirements, which are supported by independent written assessment, are requested to notify the examinations officer at their APP of any such requirement at the time of enrolment. Further guidance for examination officers and candidates is available from WSET as required.

3.2 It is the policy of WSET that such candidates should not be placed at a disadvantage in the examinations. Candidates are responsible for informing their APP of any such requirement at the time of enrolment.

4 Resits

4.1 Candidates may apply to resit the examination if they are unsuccessful. There is no limit on the number of attempts that may be made.

4.2 Candidates who have passed are not permitted to retake to improve their grade.

4.3 Candidates who have passed either unit must resit the remaining unit in the same language they hold their pass in.

4.4 Candidates resitting failed units will be ineligible for any grade in excess of Pass with Merit for the WSET Level 3 Award in Wines.

5 Examination Conditions and Conduct

5.1 It is a condition of entry that candidates agree to the following specific conditions for the closed-book examination.

- At the start of the examination all candidates must supply the invigilator with proof of identity in the form of photographic ID.
- For all examinations, responses must be written in the same language as the examination paper.
- The examination is to be completed in the time specified for each unit.
- No reference is to be made to any material, in whatever form, other than the examination question paper and answer sheet.
- Once the invigilator has declared that examination conditions are in place, no communication of any kind between candidates is permitted until they have left the examination room or the invigilator has announced the end of the examination.
- During the examination candidates are only permitted to have the following items with them: tasting glasses, spittoon, pens, pencils, erasers, drinking water and a small handbag or shoulder bag so long as it only contains personal items.
- It is prohibited for candidates to take any photographs of the examination room or examination materials.
- For tasting examinations candidates should not wear perfume, aftershave lotion or any other strong scent.
- The use of electronic devices of any kind is prohibited.

- Mobile phones must not be on the examination desk, they must be switched off and placed out of sight.
- The use of dictionaries of any kind is prohibited.
- The use of audible 'alarms' on any clock or watch is prohibited.
- Candidates may not leave the room until the first 15 minutes of the examination time have elapsed.
- Candidates who arrive after the published start time will NOT be allowed to sit the examination if any other candidate has already left the examination.
- Candidates who arrive late may be allowed to enter the room at the discretion of the invigilator and only if other candidates are not compromised. Under normal circumstances we would not expect any candidate to be allowed to start the examination if they arrive more than 30 minutes after the published start time.
- Candidates may not leave, and then return to, the examination room once the examination has started unless they can be accompanied by an invigilator at all times while they are out of the examination room.
- Candidates who complete the examination early may leave the examination room up until the last 10 minutes providing they do not disturb other candidates; no re-admission is permitted.
- Invigilators have no authority to comment upon, interpret, or express an opinion on any examination question.
- Any candidate who is suspected of misconduct will be advised to leave the examination room immediately and their examination paper will be submitted to the Examination Panel to determine its validity.
- No examination question papers are to be removed from the examination room; candidates who fail to submit the question paper with their answer sheet will be deemed guilty of misconduct.
- It is prohibited for candidates to reveal the content of examination papers to others, or reproduce it in any way.

5.2 Candidates also agree to abide by the Invigilator's instructions. Failure to do so may render a candidate's results invalid.

5.3 Examination papers and answer sheets are the property of WSET and will not be returned to candidates.

5.4 WSET reserves the right to permanently exclude candidates found guilty of misconduct from WSET qualifications.

6 Examination Enquiries, Feedback and Appeals

6.1 Candidates requiring enquiry (re-mark) and/or a feedback on their examination paper should contact their APP and request an Enquiry and Feedback Form.

6.2 Any candidate dissatisfied with the result of an enquiry of an examination paper should contact the APP and request an Appeal against Enquiry Application Form, which must be completed and returned to WSET, together with the appropriate fee, no more than 10 working days following notification of the enquiry decision. Appeals received outside this time-frame will not be reviewed.

7 Candidate Satisfaction

7.1 Should any candidate have concerns that their APP is not providing the service that they expect, or is behaving in a way that is inconsistent with the standards required in terms of administration, tuition or examinations, they should first take this up with their APP. If this does not lead to a satisfactory resolution, candidates are asked to contact our Quality Assurance Team by emailing qa@wsetglobal.com. Please note that all complaints will be dealt with confidentially, but WSET cannot act on anonymous complaints.

8 WSET Regulations

8.1 WSET reserves the right to add to or alter any of these regulations as it thinks fit.
